This marvellous five bedroom villa sits in the most prestigious resident hills of Marbella, in a quiet and private area, in Sierra Blanca. Its design and decoration, in a mixture of Andalusian and English style, is a statement of unpretentious elegance. Marbella town and the nearest beach is at 5 min. drive. Puerto Banus is at a 10 min. drive.

The grand living room with its marvellous high oak covered ceiling is a pleasure to the senses. A space that has been ingeniously designed to provide a feeling of cosy spaciousness with its fireplace and through the use of warm terracotas, oak wood, soft furnishings and colours. This room leads to several other areas of the villa, with an open entrance to the dining room, a grand staircase to the second floor and, of course, to the gorgeous outdoor covered terrace, with the garden and pool beyond and views to the Mediterranean.

All 5 bedrooms have en-suite bathrooms. The master bedroom leads out directly to the garden, and its bathroom includes a Jacuzzi and separate shower. Three bedrooms have their own TV set and air conditioning. Central heating by radiator throughout the house and the bathrooms have under-floor heating. The fifth bedroom with en-suite bathroom is usually for maids, but can be used for children.

The kitchen is fully equipped, including an American refrigerator and separate laundry room. Beautifully landscaped spacious garden, with its extensive lawn leading to the swimming pool, and mature palm trees, cypresses and citrus trees. The area and the villa are well protected with strong and efficient security system. Maid service is available at extra cost on request.

One of the best private homes available in Marbella to spend an unforgettable stay, in one of the best destinations in the world. We highly recommend this villa!
